Landis Homes invites you . . .
to visit our neighborhood, a 114-acre not-for-profit retirement community where serving one another is a way of life for team members and residents alike.

Residential Living

Cottage Homes
Cottages offer residential living without the responsibility of home ownership. They come in many styles with one or two bedrooms, have a variety of amenities and appliances and may include a garage. All cottages on the South Campus include one- or two-car garages, two bedrooms and two full baths.

Apartment Homes
Apartments offer the independence of cottages with the added convenience of indoor access to services. Styles include: studio, one-bedroom and two-bedroom and may include a patio or balcony. All Crossing apartments include garage parking.

Hybrid Homes
Hybrid Homes provide residents with an innovative housing option that combines the best of cottage and apartment living. Features include garage parking, indoor access to common areas, and opportunities for social connections. The design incorporates sustainable building materials and practices as well as renewable energy sources.

Suites
Standard, large and one-bedroom suites are offered for persons who want the privacy of their own space with all meals, housekeeping and laundry included.

Vision
Leaders in Serving

Mission
The ministry of Landis Homes is to serve aging adults and their families by honoring and enriching their lives in a community of Christ-like love.

An affiliate of Landis Communities partnering with LMC and
Atlantic Coast Conference of Mennonite Church USA

Landis Homes complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

Landis Homes cumple con las leyes federales de derechos civiles aplicables y no discrimina por motivos de raza, color, nacionalidad, edad, discapacidad o sexo.

Landis Homes 遵守適用的聯邦民權法律規定，不因種族、膚色、民族血統、年齡、殘障 或性別而歧視任何人。
The Children’s Learning Center, managed by Bright Horizons, provides quality childcare, Monday through Friday, for children ages 6 weeks to 5 years. This uniquely intergenerational program benefits both children and Landis Homes residents as they interact, support and care for one another. The curriculum is designed to meet the whole needs (physical, social, emotional, cognitive, self-help skills) of the child in accordance with Best Practice guidelines established by the National Association for the Education of Young Children (NAEYC). The program achieved a Keystone Star Four rating.

Personal Care & Healthcare Services

**Personal Care**

Personal Care provides licensed personal care for those who want to live as independently as possible but may require assistance. This assistance might include supervision or help with personal hygiene, daily activities and medications. Both single and double occupancy rooms are available.

**Healthcare**

Healthcare is for persons requiring 24-hour care and supervision under the direction of a physician. Healthcare has both private and semi-private rooms, which are located within close proximity to several community areas including: dining rooms, activity areas, rehabilitation services, living rooms, gift shop and chapel.

**Memory Care**

Memory support provides individual programming, security and nurture by specially trained team members. Common areas are designed to minimize noise and distractions. Each living area includes a country kitchen, dining room and living room. There are smaller family rooms and a large multi-purpose room for group activities and events. Enclosed courtyards allow residents to enjoy the outdoors and take part in activities such as picnics, lawn games, gardening and other outdoor events.

Landis at Home, a licensed home care agency, offers a variety of pre-scheduled support services to persons in their homes on the campus of Landis Homes or within a 15-mile radius of Landis Homes. Services may include medication reminders, support with bathing and dressing, light wound care, meal preparation, housekeeping, companionship, transportation, and Nurse Case Management. Services can be used for a short visit or up to 24 hours a day / 7 days a week. Services are provided by carefully screened and trained team members with oversight by Registered Nurses.

Adult Day Services are available Monday through Friday from 7 AM to 5 PM. Both centers on the Landis Homes campus, Eden East and Eden West, offer a warm welcome and a caring, safe environment. In addition to support with health concerns and medications, there are also fun, meaningful things to do. The Eden East center is uniquely designed for the needs of persons with memory loss. The centers are jointly sponsored by Landis Communities and the Lancaster County Office of Aging and are licensed by the Pennsylvania Department of Aging.
