

Landis Homes Update May 22, 2020

We continue to be without a known case of COVID-19 on the Landis Homes campus. The one test that had been pending in Healthcare came back negative. No resident tests are out at this time.

Orange Phase

The Landis Homes campus is currently in the Orange phase of our reopening plan. This coincides with the State of Pennsylvania Red phase and the Stay at Home order issued by Governor Wolf. This allows travel only for life-sustaining reasons. It also means that only essential visitors are able to be on campus. We look forward to the time when this will change, but for now, please continue to stay safe and stay home.

Also, continue to practice proper hand hygiene, wear your face coverings when you leave your home and maintain physical distancing. If you are going for a walk outside you may do so without your mask but take it with you in case you stop to have a conversation with someone.

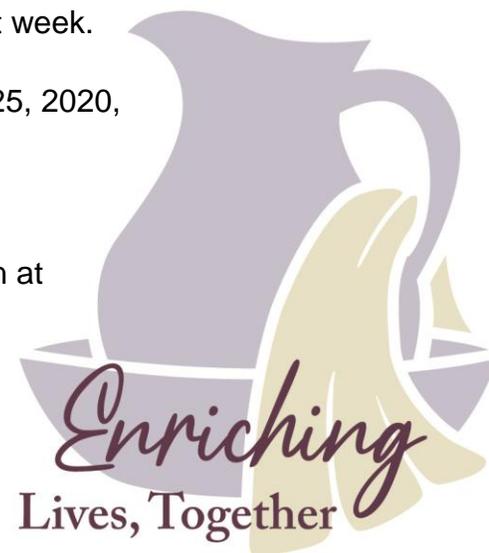

Residential Living Survey

Surveys will be distributed with this update to those in Residential Living. This two-part survey will provide the opportunity to give feedback on future interest in engaging Landis at Home to deliver services as we move through the stages of reopening. The second part of the survey is inviting questions for the June 3 Residents Association Meeting. Please complete and return the survey by May 27.
