50th Anniversary Year Continues to Unfold

Growing Community 1994-2014

The book release for *Growing Community: 1994-2014*, of Landis Homes history the past two decades was held on July 14. Over the past 18 months, a team of persons from both on and off campus contributed their gifts to creating the book for the 50th anniversary year.

The 170-page book covers the past 20 years of Landis Homes’ history, and serves as a companion book to *The First 30 Years* written by A. Grace Wenger in 1994. The book release event consisted of a brief program in the West Bethany Chapel with comments from several persons involved in the creation of this book, including Martha Nissley and Beth Oberholtzer, pictured, and Larry Zook. The program was attended by 150 persons and was followed by a time to browse through copies of the book and to purchase a book if desired.

The book is available for viewing in libraries and lobbies on campus, as well as available for sale in the General Store and Dogwood Gift Shoppe for $14.15 plus tax.

“Give Back to the Community” Project

As part of the celebration of Landis Homes’ 50th Anniversary year, May was designated as “Give Back to the Community” month. Designated offerings received in both chapels totaled $4,367.50, which were evenly split between two Lancaster County Office of Aging projects: an emergency fund for older adults in the Lancaster community and a scholarship fund for those in need who use the Adult Day Services at Landis Homes.

“Landis Valley Class and Tour”

A Pathways Institute class on The History of Landis Valley and a total of 3 bus tours were made in May and June. The tour included the history of the farm that became Landis Homes in 1964 as well as 9 local historical neighbors. The class and tours will be offered again in October.
Celebrating 50 years at Landis Homes provides us the opportunity to look back and see how the campus has changed. A time-lapse photo of campus would show changes brought on by demand for additional living options and settings for care. The only constant over this time has been thoughtful, well-planned change!

At Landis Homes, the Board of Directors guides these changes with a cycle of listening, trend watching and analysis leading to the creation of a strategic plan and campus master plan. The most recent version of the campus master plan was adopted by Board action on May 27, 2014. It sets the tone for the next five to eight years. It will help us transform the campus to reflect 21st century expectations, anticipate future utilization and support the integrated, seamless delivery of services to the community. It gives Landis Homes the chance to provide needed space for Learning and Wellness activities, Pathways Institute classes, and expanded parking among other things.

As with anything new, there are questions and concerns. While the plan culminates with additional apartments and parking, it also necessitates development where there are now some older cottages. While we don’t make a habit of removing cottages, we do know desires are changing. As many as three-quarters of potential residents desire a home with more than one bedroom whether it be one bedroom with den or two bedrooms. Many are also looking for more than one bathroom as well. Currently, only about 18 percent of our apartments have 2 bedrooms. One danger of not moving ahead with this is having a large supply of one and two bedroom cottages too small to be marketable. After the planned change, we will still have many smaller, more affordable apartments and cottages.

Frequent updates and resident involvement are critical to successful implementation of this campus master plan. There will be numerous times of sharing where plans are presented and residents and staff will be given opportunity to share their thinking along the way. We will ensure the information process is shared broadly through the community, and communication will come in printed form, on digital platforms and in person. Regular updates will also be provided in resident and staff meetings. An image of the master plan is available on the website, landishomes.org.

Please be in prayer for all those involved in this process. If you would like to share your thoughts and ideas, they can be sent to CampusPlan@landishomes.org or you can speak with anyone on the Management Team.

Celebrating and Planning for the Future
By Larry J. Zook, President/CEO

Leaman Woods: Accessible to All - 50th Anniversary Project

Thank you for your response to the 50th Anniversary Project. As of printing, contributions from individuals are approaching $25,000, half way to the goal!

Because of your strong participation, work on the Leaman Woods paved path will begin this fall rather than waiting for next spring. Thank you for making it possible for more people to enjoy the woods sooner than originally planned!

The project also includes two entry arches to Leaman Woods and a large gazebo for resting and picnics. Your help is still needed to reach our goal and complete this project. Join in the excitement and light a luminary with each $50 donation. The culminating celebration will be on the evening of November 6th. It will be a beautiful site to see 1000+ luminaries around the ponds leading to Leaman Woods. Together, we can make it happen!

A listing of the donors and tributes can be viewed online at www.landishomes.org or at the Advancement Office. For more information call 717-509-5490 or email asprunger@landishomes.org.
Friday, August 15
25th Anniversary Celebration for Adult Day Services
A Drop In reception will be held beginning at 1:00 PM, in Eden West center to celebrate its 25th Anniversary of operation. A short program will begin at 2:00.

Outdoor event
6:30 – 7:00 p.m.
Service of Thanksgiving with Landis Homes Chorus
West Bethany Chapel

Student Artwork Selected

In May, Landis Homes announced Emily Blank as their 2014 Art Student Scholarship Award recipient. Blank, a Lancaster Mennonite High School senior, was chosen for her charcoal drawing which is titled “Starfish.”

“Emily has demonstrated a fantastic ability to observe value details and an unusual patience to stay with her sketching tasks until completion,” said Landis Homes resident Roland Yoder, a retired art teacher, who helped make the selection.

“This piece is a skillful drawing showing a unique contrast between the formal and ordered structure of a rigid starfish and the hundreds of relaxed strands of a fish net,” Yoder continued. “Both are rendered in unending detail of dark and light to the extent that no thread seems tangled or lost but becomes one unified mass of visual intrigue.”

Emily, the daughter of William Blank, was born in Parkesburg and now lives in Manheim, PA. She is part of Erisman Mennonite Church in Manheim.

At Lancaster Mennonite, Emily enjoyed all aspects of creating art especially drawing and photography. In addition to a regular babysitting position, she will work for her uncle’s construction business this summer.

Each year since 1995, Landis Homes selects a piece of artwork from the Lancaster Mennonite High School Spring Fine Arts Festival to become part of a permanent art collection on the retirement community campus. In return for the work, Landis Homes makes contributions to the Lancaster Mennonite School art department and to the student to help further their education. Emily is the 20th student to receive this award.

Blank says, “I have not yet determined what I plan to do with my life.” She is making plans to attend Ecola Bible School in Cannon Beach, Oregon in the fall.
South Campus Expansion Continues to Grow

By Sarah Short, Director of Residency Planning

This summer twenty-five Phase 2 hybrid homes will be completed and construction begins on twenty-five Phase 3 hybrid homes.

In July residents of 12 new hybrid homes at 1539 Wisteria Drive began moving in. The new homes feature updated floor plans and the building includes a new recreation room equipped with billiards and ping pong for use by all residents.

In August construction of 13 hybrid homes at 1558 Wisteria Drive will be completed. With all of the homes reserved, residents will begin moving in by September 1.

The third and final phase of the expansion on the south campus includes 25 hybrid homes as well as seven cottages. Construction has started on the last two hybrid home buildings at 1576 and 1600 Wisteria Drive. They are scheduled for occupancy during the spring and summer of 2015. Many of these new homes have already been reserved by individuals from the priority list.

There are a few hybrid homes still available to reserve for those interested in a move to Landis Homes in 2015. When all of the south campus construction for these three phases is completed, there will be a total of six hybrid home buildings (with 75 homes) and 66 cottage homes.

Pathways Institute Kicks off Fall Term

The fall 2014 term of the Pathways Institute for Lifelong Learning® at Landis Homes will begin with a Kickoff Reception on July 29 at 1:30 p.m. in West Bethany Chapel. The event will include a presentation by guest speaker and Civil War living historian Mike Reetz of Gettysburg. He is known for his portrayal of Horace Porter who lived during this period of American History.

New fall catalogs, forms and online registration will be available at ThePathwaysInstitute.org following the kickoff reception. For more information: 717-381-3577.
Fellowship Day is Coming

This year marks the 42nd annual Fellowship Day and Chicken Barbecue at Landis Homes which will be held on Saturday, September 13. The day will begin at 8:00 a.m. with the opening of the flea market, garage sale, silent auction, gift baskets, gift certificates, Share-A-Meal and the Market Place. At 9:00 a.m. the live broadcast of WJTL’s Kids Cookie Break begins as well as other children’s events and the live auction.

Many persons are planning for an extra-ordinary 16th Benefit Auction as the retirement community continues to celebrate Landis Homes 50th Anniversary. Sometime during this year’s live auction, it is anticipated that net auction proceeds, raised for benevolent care for those who have outlived their resources despite careful planning, will reach a cumulative $1,000,000 milestone. The bidding of almost any one item might be the donation that sets off the bells and whistles!

In addition to some special 50th Anniversary items, there will be the opportunity to bid on unique handcrafts, original artwork, antiques and collectibles, beautiful handmade quilts and “Fill the Gap.” For the first time this year will be a section of the auction for new or nearly new items for the home and for the yard. Check out the different galleries of auction items at landishomes.org after August 1. For a full schedule and to view the supporting corporate sponsors go to landishomes.org.

The Landis Homes auxiliary provides a chicken barbecue dinner from 10:30 a.m. to 3:00 p.m. for eating on site or for takeout. Food stands all day will feature everything from fresh fruit, hot dogs, subs and soup, to ice cream as well as other offerings. There is also a bake sale table and a fresh fruit and vegetable stand filled with local produce.

Donations of items for the live and silent Auctions, Volunteers, Corporate Sponsorship, Matching Bids and Patron Contributions are needed. Thanks to everyone for making the Benefit Auction a success as the largest yearly fundraising event for the Caring Fund. Visit landishomes.org to make a secure online gift (Click Donate Now and select Events) or send a check to Landis Homes, Advancement Office, 1001 East Oregon Road, Lititz, PA 17543. Friends who contribute before August 22 will be listed in the Auction book unless they wish to be anonymous. To donate an item or ask a question, call the Advancement Office at 717-509-5490 or email asprunger@landishomes.org.
Tribute to Loved Ones

January 1, 2014 – June 30, 2014

We are sincerely thankful to those listed below who have given a tribute to a loved one either as a Memorial or Honorary gift. We apologize if there are misspellings or omissions on this list.

The annual Service of Remembrance will be held Thursday, October 9, 2014, at 7:00 p.m., in the West Bethany Chapel and Prayer & Memory Garden. It is a time to gather with others to remember our loved ones who have died.

The service begins in the West Bethany Chapel with instrumental music, providing a place of reflection and prayer. Prayers, scripture and words of comfort and assurance are offered. The service concludes outdoors in the Prayer and Memory Garden, where each person receives a candle to light and remember a loved one, through poetry, prayers and song.

Landis Homes residents who have died during the year are specifically remembered during this time. Anyone is welcome to attend this service to remember loved ones, who lived either on or off of campus. It is a time and place to remember, reflect and be comforted.
Benefit Golf Tournament Raises $46,700 for Adult Day Services
Alonna Gautsche Sprunger, Director of Advancement

The 23rd Golf Tournament on June 6th was “stellar” in many ways: the weather was picture perfect, good friends were all around and golfers’ and sponsors’ support was outstanding. In addition, afternoon golfer Glenn Nauman shot a “hole in one” at hole number three.

Golfers, totaling 218 persons, and 61 business sponsors plus volunteers and patrons all contributed to a very successful Benefit Golf Tournament with net proceeds of $46,700. The proceeds benefit Adult Day Services (ADS) and provide financial scholarships to eligible clients who would otherwise not be able to participate.

At the lunch program, ADS client Rick Wiggins gave a special “thank you” to a team of golfers from his home church. In answer to a question from ADS Director, Faith Hoover, Rick explained that since he is not able to stay by himself, coming to the center allows his wife to go to work without worrying about him.

A heartfelt “Thank you” goes out to the following sponsors for making it possible for clients to benefit from the safe, nurturing environment of Adult Day Services. A golf booklet with sponsors’ ads may be viewed online at www.landishomes.org.

Preschool Teacher Receives National Award

Kori Constein, a preschool teacher at the Children’s Learning Center at Landis Homes, recently received a Terri Lynne Lokoff/Children’s TYLENOL® National Child Care Teacher Award. This award acknowledges the critical role of child care teachers in providing quality care and education. Child care teachers from all 50 states, the District of Columbia and on U.S. military bases and installations around the world were invited to apply. Fifty teachers were selected for their commitment and dedication to the children they serve.

“I am truly honored to be a recipient of this award,” says Constein. “It has been the highlight of my eight year teaching career.”

As a part of the process, each applicant was asked to design a classroom enhancement project for the children they teach illustrating the educational, social, and emotional benefits of the project. A committee of early childhood educators and specialists reviewed the applications.

Her winning project was titled “The 3 E’s of Science: Explore, Engage, Experiment.” The award included a monetary prize some of which is to implement the project and some of which is for the teacher’s personal use. An award ceremony took place this spring in Philadelphia.

Constein says, “I find great reward in being able to watch a young child’s mind shape, grow and learn on a daily basis.”

Constein, of Leola, received a Bachelor’s degree in Early Childhood Education from West Chester University, West Chester, PA.

The children’s learning center opened in 2004 and is managed by Hildebrandt Learning Centers. Under the guidance of Director Jessica Littleton, the center serves more than 50 children from infants through preschool. Find out more information at the Community Services/Children’s Learning Center link at landishomes.org.

Two New Directors Begin

In May, Ronald Dell began working in the new position of Director of Campus Services and Erika Nevins began as the Director of Life Enrichment.

In his new role, Dell gives oversight to the areas of housekeeping, laundry, transportation and assisting various departments in purchasing. He received a B.S. degree in Industrial Engineering from the University of Pittsburgh.

His work experience prior to coming to Landis Homes was in residential administration and facilities management in other retirement communities, including most recently Brethren Village, as well as various positions in private industry.

Dell and his wife live in Lancaster, are active at St. John Neumann Church and are the parents of two grown children. He enjoys golf and following the sports teams from the Pittsburgh area.

“I knew of Landis Homes’ reputation as a good place to work and I have found it to be true,” says Dell. “Everyone has been very accommodating to me. I appreciate the good Christian values that are lived out here.”

Nevins is responsible for oversight and coordination of the total resident wellness programming including physical, social, spiritual, intellectual, and vocational wellness and the general activities program.

She was most recently employed as the Community Wellness Director at Cross Keys Village in New Oxford, PA, and has previous experience as a Wellness Specialist and Aquatics Coordinator in a variety of settings.

She has a Baccalaureate Degree in Psychology and a Master’s Degree in Health Administration from Mount Saint Mary’s University, Emmitsburg, MD. She is a Certified Aging Service Professional, CASP, and is enrolled in the Anabaptist Providers Group leadership program.

Erika lives with her husband and son in Hanover, PA, in a household with three cats and many fish. She loves the outdoors and enjoys running, hiking and swimming.

“Serving adults in their active aging journey has been a passion of mine since I was in high school,” says Erika. “I love wellness and hope to work with the Life Enrichment team to continue to create meaningful experiences for residents and team members and enhance wellness programming across campus.”
Heritage Watchers to Begin New Series

Beginning her 19th year of instructing classes at Landis Homes, Joanne Hess Siegrist, founder of Heritage Watchers, will lead the new session beginning on September 4. The classes are designed to help individuals explore their unique family histories and learn what historical resources are available.

During the nine-part series, class participants become “detectives” to find and to save their early family artifacts and to discover new ways to use photographs. Other areas covered are genograms, birthmarks and peace building themes.

The monthly classes are open to men and women from many communities and of all ages, ethnic and religious backgrounds. Participants may choose to attend individual classes or the complete series of nine sessions.

“I anticipate students engaging in hands-on activities to transform their personal photographs, memoirs, and history into friendly, family heirlooms,” says Siegrist.

The class meets at Landis Homes the first Thursday of each month from September through May from 1:00-3:00 pm in the Harvest Room. For a course schedule and more information contact Joanne Hess Siegrist at 717-656-6429, jhs606@frontiernet.net or Landis Homes Life Enrichment Coordinator Janice Hess at 717-569-3271, extension 3067, jhess@landishomes.org.

Fall Reception Features Resident Artist

The September art exhibit will feature the works of Roland Yoder, a retired teacher who is an artist in various media. He taught art and biology at Christopher Dock High School, in Souderton, PA for 38 years. He also taught one year in Ethiopia and one in Kenya.

“As an artist there are many times throughout the day when I catch glimpses of unusual color combinations, light patterns, shapes and forms that nourish my sense for beauty,” says Yoder. “My work shows my fascination and appreciation of the beauty found throughout the natural world. I find much joy in creating, sensing a bit of oneness with our Creator in the process.”

Yoder, who was born in Greenwood, DE, earned a BS degree from Eastern Mennonite (College) University and an MST degree from Cornell University. In addition to producing paintings in oils and acrylics, Yoder expresses himself in wood, photography, pottery and flower arrangements. Examples of each will be on display at the opening reception.

He is an avid gardener at his cottage home and also plants and tends a half dozen other flower beds on campus. He also taught courses related to art and gardening for the Pathways Institute program at Landis Homes.

“I feel that an artistic sense should affect every aspect of our daily lives in the choices we make as we create environments in our homes and on our properties. As we use our artistic eye we beautify our surroundings and improve the quality of our communities,” says Yoder.

The opening reception will be held in the Harvest View Galleries from 6:30 – 8:30 p.m. on September 18.
