

Visiting Landis Homes? Here's what you need to know!

Residential Living Visitors

Updated April 15, 2021

- Check in at screening locations in Residential Living or Crossings Main Entrance. Answer all questions at the self-serve kiosk and obtain a name badge.
- Visitation is permitted in resident accommodations, including overnight, at resident discretion. Please make wise choices for your health and that of those around you. No visitors in ANY shared community spaces, including hybrid community rooms, lounge areas, dining areas (take-out only) and all other indoor common areas.
- Follow all regulatory guidelines including wearing a face covering, practicing hand hygiene and maintaining a minimum of six feet of physical distance.
- Only residents are permitted to eat in dining venues. Residents and visitors who have passed screening may pick up to-go food.
- Guest accommodations continue to remain closed at this time.

Healthcare & Personal Care Visitors *Updated April 15, 2021*

- Healthcare visits are guided by the most recent local, state and federal guidance. Types of visits include Compassionate Care visits (including end of life visits) and General Visits which may be window, indoor, or outdoor visits depending on the status of the household. Visits may now take place in resident rooms depending on the status of the household, the county positivity rate, and the % of residents vaccinated.
- Personal Care visits are guided by the most recent local, state and federal guidance. Types of visits include Compassionate Caregiver visits (including end of life visits) and General Visits which may be window, indoor, or outdoor visits depending on the status of the household. Visits may now take place in resident rooms depending on the status of the household, the county positivity rate, and the % of residents vaccinated.
- Visits are scheduled through the volunteer services office, 717.509.5409 or visit familyconnection@landishomes.org. Visit locations will be shared at scheduling.
- For the safety of our residents and team, please do not arrive more than 15 minutes early for scheduled visit.
- All visitors, except for window visitors, are required to successfully pass entrance screening, including recording your temperature. You will not be permitted to visit if you exhibit any signs and/or symptoms consistent with COVID-19 regardless of vaccination status.
- Visitors are required to follow infection control prevention strategies, including properly wearing a face covering at all time, hand hygiene, and practicing social distancing. Additional PPE will be provided, as necessary.
- Healthcare and Personal Care residents who have been vaccinated may choose to have close contact with their visitor while wearing a well-fitted mask.
- Guest accommodations continue to remain closed at this time.
