

# Visiting Landis Homes? Here's what you need to know!

## Residential Living Visitors

*Updated September 4, 2020*

- Check in at screening locations in Residential Living or Crossings Main Entrance. Answer all questions at the self-serve kiosk and obtain a name badge.
- Each visit is limited to two adults and the children from the same household.
- Outdoor visits preferred. Indoor visits allowed in residence. No public space visits, including lounges and dining venues.
- No overnight visits.
- Follow all regulatory guidelines including wearing a face covering, practicing hand hygiene and maintaining a minimum of six feet of physical distance.
- As recommended by the State of Pennsylvania, all visitors coming from a state designated as a "hot spot" should self-quarantine for 14 days before coming to campus. Because this list changes frequently, consult the PA Department of Health website before arriving. A current list is posted at screening locations.

## Healthcare & Personal Care Visitors

*Updated September 4, 2020*

- Family will be notified of end of life visits and the protocols that exist at that time.
- All other in-person visits will be outdoors unless there is inclement weather or a resident's limitations prevent going outside.
- Visits are scheduled through the volunteer services office, 717.509.5409 or [familyconnection@landishomes.org](mailto:familyconnection@landishomes.org). Visit locations will be shared at scheduling.
- Do not arrive more than 15 minutes early for scheduled visit.
- Screening conducted inside Dogwood entrance. Temperatures taken. Anyone who has been to a PA designated "hot-spot" state in the last 14 days will not be permitted to visit unless otherwise approved. Consult the current list on the PA Department of Health website.
- Wear a face covering. Additional PPE will be provided as necessary.
- Each visit is 30 minutes and is limited to two people. A child may accompany an adult if they are able to follow the Pennsylvania DOH guidelines.
- Visitors must follow all regulatory guidelines for wearing a face covering, practicing hand hygiene and maintaining a minimum of six feet of physical distance.
- Items brought by visitors for residents may be shared at the end of the visit and will be taken to the resident's room.
