Landis Homes
Retirement Community

*1996-1997
Annual Report*

"I have set for you an example that you should do as I have done for you. I tell you the truth, no servant is greater than his master, nor is a messenger greater than the one who sent him. Now that you know these things, you will be blessed if you do them."

John 13: 15-17 (NIV)

The Landis Homes logo draws out two important symbols, the basin and the towel, from the story of Jesus at the last supper washing the disciples' feet. The basin holds water and the act of washing "cleanses" us from sin. This symbol communicates God's forgiveness and healing.

The towel is the symbol of service. The act of washing another's feet

confirms our commitment to the servanthood practiced by Jesus. By this act we demonstrate our surrender to God and participate in the community created by the Holy Spirit.

As part of Christ's body of believers, each is a servant to the other just as Christ admonished the disciples in saying, "I have washed your feet. You, then, should wash one another's feet."

President's Message

It has been said that growth is the evidence of life. Certainly that is true in our own life experience. Even as we age, we grow in experience, insight, knowledge, friendships and in many other ways.

The same may be said for institutions like Landis Homes. If growth is the evidence of life then surely Landis

Homes is alive! Our ongoing strategic planning process continues to guide us in directions that engender vitality. In a changing health care environment where partnerships and alliances are central to future viability, Landis Homes continues to work successfully at growing relationships with other health care providers in the Lancaster area. Simultaneously, management at Landis Homes continues to refine and improve the scope

and quality of health care programs available to residents.

We are building again. Our new special care center, The Heritage, is now under construction. We look forward with anticipation to the completion of this building and the consequent growth in our ability to care for people, especially those with dementia. To make this project possible we embarked on our first capital fund raising effort. The fund raising goal was set at one million dollars and we are blessed to have reached and

exceeded that goal in a year's time. While this kind of growth creates budgetary pressures, The Heritage will be an affordable project and the Board is pleased to report that our financial position remains solid.

Also, Landis Homes continues to excel in providing both residents and staff the kind of life experiences that make for growth and confirm the value of our life together as a community. It gives me a great deal of satisfaction when I receive unsolicited comments within our Lancaster community, including agencies such as Hospice of Lancaster County and the Office of Aging, that Landis Homes is a favorite retirement community to visit and/or work.

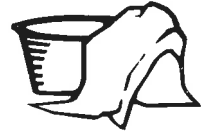

In this continuing effort to successfully live out the vision for Landis Homes, I want to thank my colleagues on the Board for their time, energy and good counsel in the past year. Finally, my appreciation and thankfulness is given to the very fine Management Team at Landis Homes. They have given excellent leadership in developing and maintaining a quality retirement community, one that carries out its vision and mission on a daily basis.

Sincerely,

A handwritten signature in cursive script that reads "J. Kenneth Brubaker".

J. Kenneth Brubaker, M.D.
Board President

Executive Director's Message

It's always gratifying to reach a goal. Having just returned from a coast to coast bike trip with my wife, Rhoda, I can attest to a feeling of tremendous satisfaction of having attained a goal. We practiced diligently for months and then finally on June 23, we left Seattle, Washington, to embark on this 3200 mile trip. On August 7, we triumphantly rode into Rehoboth Beach. Wow! What a feeling of accomplishment! A goal attained.

Each year our Management Team goes through a process of setting goals for each department. We report periodically on our progress to board members. Progress is measured by percentages. It may be 25, 50 or 75 percent. How satisfying it is when we can report 100 percent completion of goals.

One very obvious success was reaching our one million dollar goal for The Heritage. I sensed a unity of spirit and purpose among residents, staff and board during this capital fund drive. Together we can celebrate God's goodness in providing financial resources for The Heritage. Our ground breaking on August 9 culminated several years of active planning. This will allow for expanded opportunities in serving persons with dementia. We owe a debt of gratitude to the many donors who have contributed so generously.

Another notable goal achieved has been the effort to network with other

non-profit retirement communities in the Lancaster area. This is a collaborative effort to respond to a rapidly changing health care environment. While the primary purpose is to network with others, it will assist Landis Homes in appropriately responding to these changes so that we can more effectively carry out our mission.

To that end, we have great cause to celebrate a very capable management team and staff who provide, what I believe, is a well rounded program of high quality care and services. Also, we owe a tremendous debt to resident and other community volunteers who contribute in myriad ways. We certainly do enjoy an atmosphere that reflects our vision and mission.

I like Apostle Paul's comment to the church at Philippi, "I press toward the mark for the prize of the high calling of God in Christ Jesus." Phil. 3:14. Our goals at Landis Homes should be seen in the context of our ultimate desire to be faithful to God in all of our programs and services.

Sincerely,

Edward M. Longenecker
Executive Director

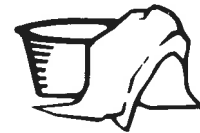

Board of Directors

The Heritage

Plans for Landis Homes' new special care center, The Heritage, gradually took shape over the course of the year. The Board of Directors and Management Team in conjunction with our architects and general contractor reviewed and revised the design several times. By year end a final plan was developed and submitted for necessary approvals. At the same time, we found ourselves hoping that a township-wide moratorium on new sewer connections would be lifted allowing us to schedule a groundbreaking date.

Simultaneously Landis Homes embarked on its first capital fund drive to help raise money to build The Heritage and establish an endowment fund. For The Heritage, the Board of Directors established a groundbreaking goal of \$700,000 and a challenge goal of \$1,000,000. Many volunteers were recruited to help present the need for the fund drive to the different Landis Homes constituencies. Special meetings were scheduled with residents and business people to present plans for The Heritage.

We achieved the groundbreaking goal by February of 1997 and hosted a celebration event to mark the accomplishment. In June, we reached and

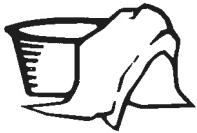

exceeded the challenge goal of one million dollars.

Two events which highlighted the year-long fund drive were the Fun Raising Days sponsored by the Activities Department and the cross country bike trip taken by Ed and Rhoda Longenecker. The Fun Raising Days

included many activities for residents and their families. A Walk/Bike-a-thon and a benefit auction highlighted the week. The proceeds from these events went to help Ed and Rhoda reach their Bike Trip goal. In June when the Longeneckers set out for their trip we had received over \$100,000 in cash and pledges which did take the fund drive over the top of the challenge goal.

Ed and Rhoda preparing to cycle from Seattle, Washington to Rehoboth Beach, Delaware to benefit The Heritage special care center.

Adult Day Services

Planning for the new Adult Day Services Dementia Care program that will come into being with The Heritage required much attention during the year. This program will provide a new and unique service to Landis Homes residents and the broader Lancaster community. The current Day Services program will continue to offer quality

care for participants on the west campus.

In June, Landis Homes welcomed Faith Hoover as the new director of Adult Day Services.

*Faith Hoover,
Director of Adult
Day Services*

Left: *Day Services participants enjoy annual cruise on the "Pride of the Susquehanna."*

Above: *Glenn Weaver, golf tournament chairman, observes the afternoon round of golfers get ready for the shotgun start. Also pictured are Commissioner Terry Kauffman and Commissioner Paul Thibault who played in the tournament. Proceeds from the 6th annual golf tournament will be used as start-up funds for the new Adult Day Services Dementia Care program.*

Social Services

Visiting with residents, reviewing their care needs, and meeting with residents' families are everyday activities for the

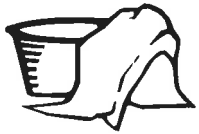

three social workers in the Social Services Department. Their advocacy on behalf of residents is an integral part of our ministry at Landis Homes.

Above left: Vanessa King-Boyer, Director of Social Services, discussing resident care with Ruth Ann Ginder, certified nursing assistant.

Above: Elizabeth Weaver, Health Care social worker, setting appointments.

Left: Dawn Martin, Assisted Living and Residential Living social worker, visiting with Lydia Wenger and Kathryn Geissinger.

Health Services

In May, Landis Homes hosted a **Health Fair**. The day began with the dedication of the new 14-passenger wheelchair bus. Hundreds of persons both on and off campus visited the West Community Room where over 20 displays of various health agencies were set up. A special emphasis of the day was on Alzheimer's disease and dementia care.

Seminars, workshops, blood pressure checks, athletic events and entertainment were offered throughout the day. Highlighting the entertainment was the musical group, "Auscultation Brass", comprised of twelve local

physicians. The closing address titled "Rewards of Healthy Living" was given by Dr. Kenneth Brubaker, Landis Homes Board President.

Under the direction of

Barb Cooper, Landis Homes has become a clinical training site for several health care programs. Barb administers two **Nursing Assistant Training** classes each year. Last year 14

people participated in this program. Other training programs with which Landis Homes cooperates are area Votech schools, Lancaster Institute for Health Education and Harrisburg Area Community College.

Residents and Staff singing "Count Your Calories" at the Health Fair.

Left to right; Ethel Caldwell, Ruth Johnson and Barbara Cooper, Landis Homes' Health Care Administrative team.

Our **Health Care Administrative team** reorganized in January of 1997 giving new titles and responsibilities to each member of the team. Ruth Johnson is now the Director of Health Services. Ethel Caldwell assumed the position of Director of Nursing for the health care program. And, Barbara Cooper is the Director of Staff Development and Quality Assurance. These three persons have worked a combined total of over 70 years in service to the Nursing Department to insure Landis Homes continues to provide quality care for all residents.

Communications

Recognizing the importance of good communication, the Management Team took several steps this past year toward broadening the scope of Landis Homes' Communications.

In November, Landis Homes established a home page on the World Wide Web. It is a tool to connect with the larger community, including resident family members, prospective residents and other persons interested in learning more about Landis Homes.

Landis Homes is also in the process of providing e-mail access to all of its residents. This past year a computer with e-mail capability was set up on the west campus. Plans are underway to set up the same access on the east campus for residents in assisted living and health care settings.

The position of Community Relations Coordinator was designated within the Marketing Department. This has enhanced the effort to communicate campus happenings to the larger community through on-campus publications and news releases to the local press.

Landis Homes Retirement Community ...Making Senior Years the Best Years

Francis & Elsie Harvey

*"Landis Homes is...
A Christ-centered retirement community
With a dedicated staff to serve you,
A nursing department committed to
lighten your physical needs,
A friendly maintenance department,
And care-free living whether a cottage,
an apartment or a comfortable room.
All in beautiful Lancaster County, PA"*

- Francis Harvey, 92 years old
12-year resident

Dining Services

Janet Kauffman serves Mark Weaver from the Christmas Dinner dessert bar.

Cindy Hess, Associate Director of Dining Services, serves Mildred Herr at the Country Breakfast, a new and well received special event planned by the Dining Services Department.

Support Services

Our facilities are continually being upgraded. This past year renovations in the residential room building and the health care dining room created a more pleasing environment for residents. East Bethany Chapel was completely refurbished. The campus-wide electrical service and telephone systems were updated to provide better service and prepare us for The Heritage. The conversion to gas hot water heating was completed.

The work of keeping Landis Homes attractive and everything in working order is a challenging task for both our Maintenance and Housekeeping Departments. This year the acquisition of new software and equipment improved their ability to meet the challenge. The Laundry Department was able to improve its services by switching to gas clothes dryers.

Pastoral Care Services

Landis Homes ministry to residents is centered in the work of our Chaplains. In May, Don Good, Director of Pastoral Care Services, welcomed Bonita Stutzman as our new Associate Chaplain.

In the past year, the Wisdom Task Force was created to explore ways to give our residents an opportunity to

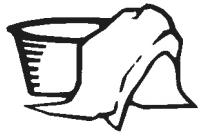

share their experiences. We want to release the wisdom that needs to flow from generation to generation. We have been doing this by interviewing, listening to stories as they happen and by sensing what the Holy Spirit has done in generations past. We want to join the best of our past to the challenge of the future.

Don Good and Bonita Stutzman

Disciples distribute fish and bread to worshipers at the Galilean Service in August.

Activities

The Activities Department offers a wide ranging program. Whether it's a special event off campus or regularly scheduled activities on campus all residents have an opportunity to participate, including those with special needs.

Volunteers

Landis Homes is blessed by the involvement of many volunteers. In the past year 51,024 volunteer hours were given. This represents an increase of 18% over the previous year and a record for

Grace Cooke serves as a volunteer sales clerk in the East Gift Shop.

total number of volunteer hours in any one year! Our volunteers include Landis Homes residents, members of church groups and students at Lancaster area Mennonite schools. Their contribution to the quality of life

on our campus is priceless.

The Auxiliary is very active at Landis Homes. They hosted our annual BBQ on September 14, 1996. Three thousand seven hundred chicken halves were sold and the proceeds helped cover a significant part of the price of a new wheel-

Auxiliary President, Mary Sweigart, gives Executive Director Ed Longenecker the keys to the new wheelchair bus.

chair bus. The following June, the Auxiliary invited all residents to the Strawberry Social.

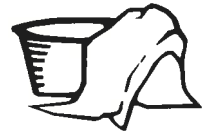

Another successful volunteer program is Spring Housecleaning. This year 84 volunteers from 29 congregations contributed time to help do "spring cleaning" in the health care rooms.

On April 17 our Director of Volunteer Services, Arlene Kreider welcomed nearly 300 people to the annual volunteer banquet at Yoder's Restaurant. The theme for the evening, "Volunteers Wear Many Hats" was highlighted by table centerpieces and favors as well as everyone wearing a hat. The evening concluded with the recognition of our many dedicated volunteers.

We are grateful to each volunteer listed below. Each one contributed 25 hours or more to serve residents of Landis Homes in the past year. Their dedicated service is deeply appreciated.

Vision

"Making Senior Years The Best Years"

Mission

To make senior years the best they can be Landis Homes Retirement Community will:

Offer a broad range of services, primarily to persons 65 years and over, being responsive to changing needs and lifestyles.

Minister to the needs of residents, persons on the waiting list, and others in the broader community in ways that will maximize their quality of life.

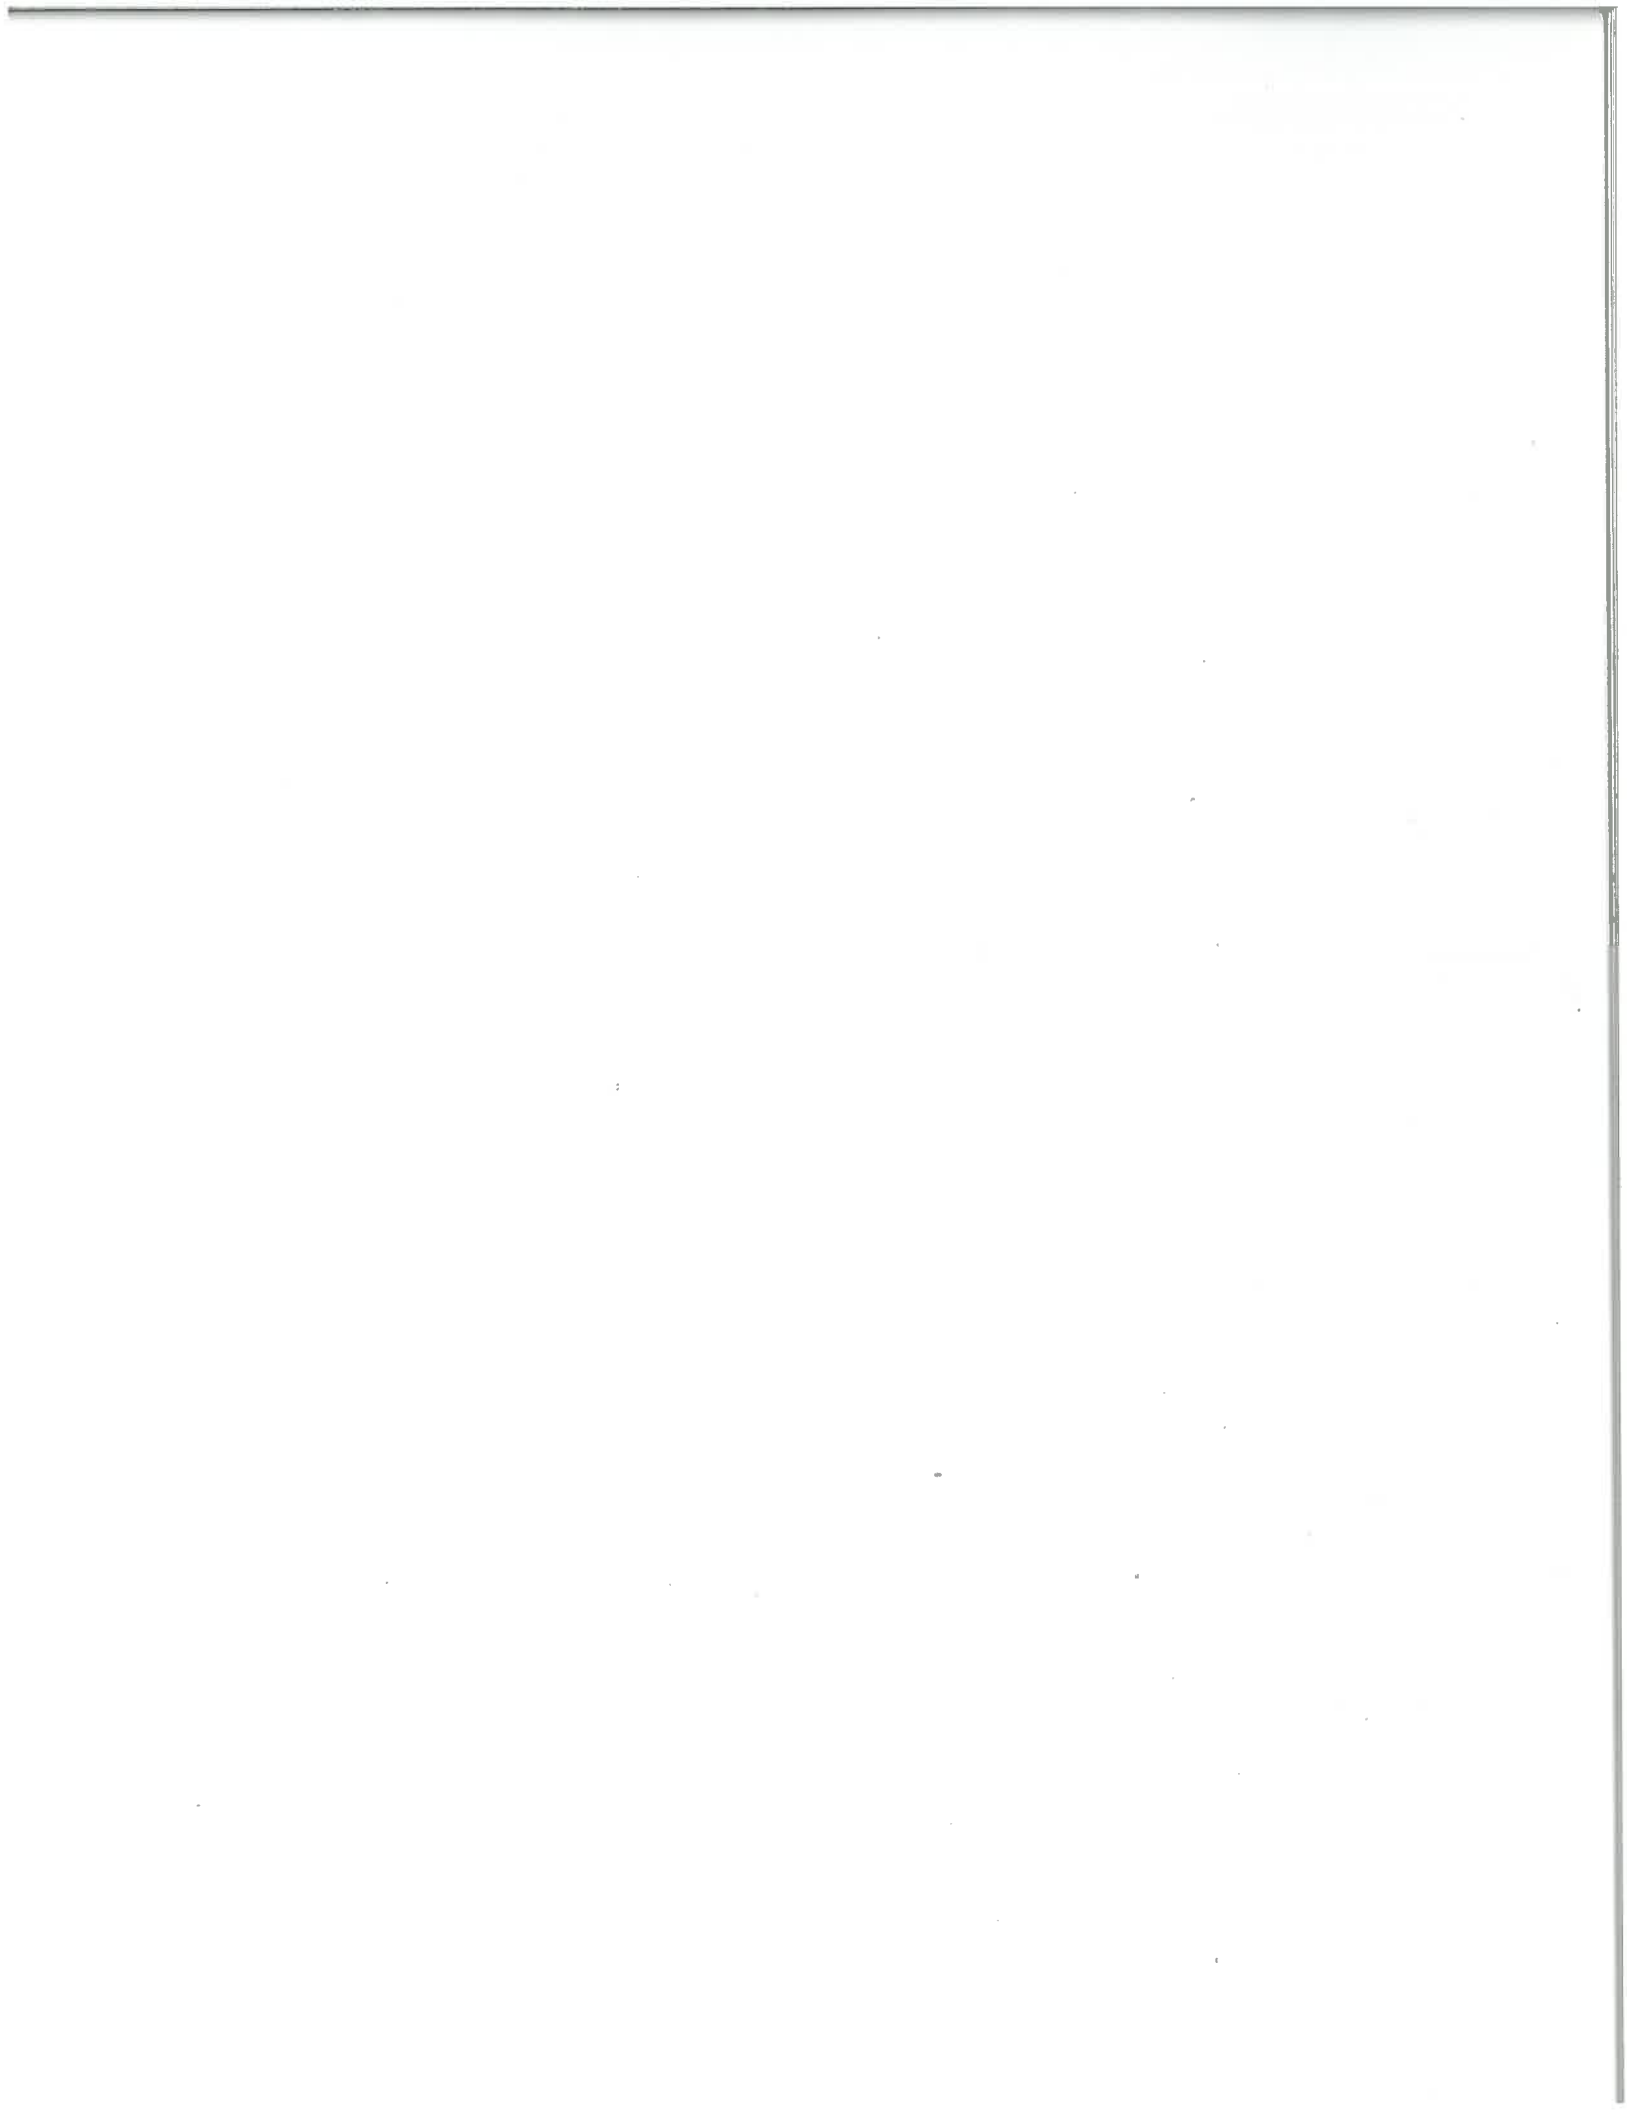

Develop and administer programs wherein dignity, self-worth and independence are nurtured in an atmosphere of Christ-like love.

Achieve excellence in a variety of accommodations and services at affordable prices to varied income levels.

Use prudent financial management practices and provide reserves and endowment programs to assure continued financial stability and security.

Give leadership in collaborating with other senior living and health care organizations to provide constituents with programs and services more effectively.

Landis Homes Retirement Community
1001 East Oregon Road
