

Weekly Cumulative Notification to Healthcare Residents, Resident Representatives and Families

July 27, 2021

Landis Homes is committed to strictly following the standards and protocols of the Pennsylvania Department of Health, the Centers for Disease Control and Prevention (CDC) and Centers for Medicare & Medicaid Services (CMS).

This report serves as notification to healthcare residents, resident representatives and family members regarding the status of COVID-19 in the skilled nursing center.

Dates	Number of Residents Included in Cluster	Number of Team Members Included in Cluster
July 20 –July 26, 2021	0	0
Total	0	0

Mitigating actions implemented to prevent or reduce the risk of transmission include, but are not limited to:

- Visitors are required to complete symptom screening and required education. If an outbreak occurs, visitation may be limited.
- Symptom screening for team members before assigned shift
- Universal masking for all team members and use of personal protective equipment (PPE), as needed, with each resident encounter

- Active symptom screening for all residents, masking when in the presence of others, as tolerated, limited movement outside houses or rooms to essential activities only, and modified dining and life enrichment programs to eliminate large group gathering.
- Residents are admitted or readmitted to a designated area, staffed by designated team members for a minimum of 14 days of monitoring including transmission-based precautions. Resident vaccination status and potential exposures may alter the admission location.

As a reminder...

- This is a fluid situation and any of the information shared today could change at any time. Landis Homes is committed to being transparent during this crisis. We will continue to communicate as often as possible.
- Contact Jenny Sheckells with questions/concerns at jsheckells@landis.org or 717.381.3573.
- Check the Landis Home website for regular COVID-19 updates. Family and friends have access to videos and written information at www.landishomes.org/COVID
