Mitigating actions implemented to prevent or reduce the risk of transmission include, but are not limited to:

- Visitors are required to sign in and will be encouraged to defer visitation if symptoms are present. If an outbreak occurs, a message will be posted on the kiosk to notify but visitation can still occur.
- Universal masking for all team members and use of personal protective equipment (PPE), as needed during active outbreak, following guidance from Pa Dept. of Health.
- Depending on Covid-19 exposure or positive test status, a Resident might be admitted or readmitted to any household with transmission-based precautions in place for a minimum of 10 days.

- Outbreak testing will be conducted on an as needed basis. An outbreak is defined as one healthcare team member or one healthcare resident who tests positive for Covid-19, and who may have exposed other team members and/or residents.

**As a reminder...**

- This is a fluid situation and any of the information shared today could change at any time. Landis Homes is committed to being transparent during the COVID-19 pandemic. We will continue to communicate on a regular basis.
